- MC reported having received a query from a local resident re:debate reported to have taken place at SBC regarding the allocation of the Coronation Grants made available to Community Councillor's. VT reported a debate had taken place followed by a vote on 2 motions one to make the amount available to Foodbanks rather than Community Councils, the second to reduce the amount being made available to Community Councils. Both options were defeated in favour of retaining the original proposal of making upto £500 available to each Community Council, subject to certain conditions. DC enquired how any underspend against the allocated monies would be spent. VT reported this would be the subject of further debate.
- **LM** enquired whether, as there is no likelihood of securing any reduction in the speed limit in the vicinity of the Crook, it would be possible to have signs warning of pedestrians crossing.
